

## President's Report 2020/21

It is with much pleasure I hand down my President's report for 20/21 highlighting the health and growth of our great club.

The last twelve months have been testing at times with COVID 19 hitting our club hard. We had no income for a couple of months, but with the restrictions being lifted it enabled us to have members and green fee players back playing golf and money flowing back into our bank account (David was pleased).

To all our helpers with our annual and veterans' tournaments, thank you, your help was greatly appreciated and both events ran smoothly and were a financial success.

The club made some nice purchases with our almost new Toro fairway mower, trailer and a 4WD ute compliments of Benny Gale to help us around the course.

The clubhouse is looking fantastic with our new blinds and new couches, armchairs and coffee table purchased from Pam and Gary Ritchie at a fantastic price. We surely miss Gary around the club.

The club introduced a Money Board that is working well, and we are having regular money draws. We also introduced a raffle organised by our two new Board members which was a great financial success.

I would like to say thanks to our major sponsors and also members who sponsored Saturday events throughout the year.

Congratulations to all our club champions and other trophy winners over the last twelve months. Big thanks to David Painter for all the hours helping me and his dedication to the club.

Well done Ben Lewis on taking on a massive role of Club Captain. You are doing a great job "Dua".

Special thanks to our great team of volunteers who maintain the course. It is looking in tip top condition.

In conclusion I would like to thank everyone who has helped me and the George Town Golf Club over the last twelve months.

It is extremely rewarding to see the improvements that have been made on the course, in the club house, the increase in membership and well supported big Ambrose events which have helped our financial position this year.

I am very proud to be President of the George Town Golf Club.

Kurt Davis  
President
